EXPERIENCE

•Lakshmi Information Technology Private Limited

November 2025 – Present

Full Stack & App Developer Intern

Remote

- Building and maintaining scalable web and mobile applications using modern frameworks and technologies
- Collaborating with design, product, and backend teams to deliver robust, user-focused solutions
- Implementing responsive UI/UX for web apps and intuitive interfaces for mobile apps with seamless API integrations

•GeekRoom ADGIPS

August 2025 – Present

Lead – Emerging Tech Department

ADGIPS

- Leading a team of 15+ members in developing and exploring projects in AI, web, and other emerging technologies
- Organized workshops and technical sessions on MERN Stack, Data Science, and other modern frameworks
- Mentored junior members and collaborated on cross-department events to promote technical growth

PROJECTS

•The Wooden Stories – E-Commerce Platform

React, Node.js, Express, Prisma, MySQL, Razorpay, Cloudinary

- Developed a production-ready full-stack e-commerce platform with a storefront and admin dashboard using React 19, Express, Prisma, and MySQL.
- Integrated Cloudinary with Multer for optimized media uploads; added search, filters and a persistent cart system.
- Implemented Razorpay payment flow with secure order creation and webhook-based verification.
- Enhanced SEO using dynamic metadata generation and structured product schema.
- **Links:** Live App · GitHub

•HomeTrip – Travel Booking Web App

Node.js, Express, MongoDB, EJS, Tailwind CSS

- Built a full-stack travel stay booking platform with dynamic listings, user authentication, and role-based authorization.
- Designed a responsive UI using Tailwind CSS and EJS templates for a clean, seamless user experience.
- Implemented booking management and integrated a secure payment gateway for end-to-end transactions.

TECHNICAL SKILLS AND INTERESTS

Languages: C/C++, Python, JavaScript, HTML, CSS

Frameworks & Libraries: React.js, React Native, Express.js, Python Libraries

Web Dev Tools: Node.js, REST APIs, Git, GitHub, Docker, VS Code, Postman, Vercel, Render

Databases & Cloud: MongoDB, MySQL, Supabase

Relevant Coursework: Data Structures & Algorithms, Operating Systems, OOPS, DBMS, Software Engineering

Areas of Interest: Full-Stack Development, Data Science, AI Integrations, and Impact-Driven Solutions

Soft Skills: Problem Solving, Collaboration, Self-learning, Presentation, Adaptability

HACKATHONS & ACHIEVEMENTS

•Code Veda 2025 – Certificate of Appreciation

September 2025

Emerging Tech Department Organizer at **Microsoft**

India

- Recognized for outstanding performance and leadership in organizing the national-level **Code Veda 2025 Hackathon at Microsoft**
- Certificate: **Google Drive Link**

•HackGenesis – National Level Hackathon –Finalist

September 2025

Organized at **CHRIST University**

Uttar Pradesh

- Developed a full-stack web application integrated with AI/ML modules using MERN stack
- Collaborated with a cross-functional team for real-time agile development, testing, and deployment
- Recognized as a **finalist** among nationwide participants
- Certificate: **Google Drive Link**

•Hacktoberfest 2025 – Super Contributor

October 2025

DigitalOcean & Open Source Community

Remote

- Recognized as a **Super Contributor** for impactful open-source contributions across multiple repositories during Hacktoberfest 2025
- Certificate: **Google Drive Link**

EDUCATION

•Dr. Akhilesh Das Gupta Institute of Professional Studies

2024 – Present

Bachelor of Technology in Computer Science and Engineering, CGPA: 9.0/10

Delhi, India
